

proj\_main\_loop

```
graph LR; A[proj_main_loop] --> B[guiDrawer_get_night_window]
```

The diagram consists of two rectangular boxes connected by a blue arrow. The first box, on the left, is white with a black border and contains the text 'proj\_main\_loop'. A blue arrow points from the right side of this box to the left side of the second box. The second box, on the right, is gray with a black border and contains the text 'guiDrawer\_get\_night\_window'.
